

# MT. STERLING ADVERTISER.

A WEEKLY JOURNAL, IDENTICAL IN INTEREST WITH ITS OWN PEOPLE.

VOL. III.

MT. STERLING, KENTUCKY, TUESDAY, MAY 12, 1893.

NO. 40

Those who know the undersigned firm are acquainted with their line of goods and methods of business, and within their circles we would want no better advertisement of our goods than their candid expressions. We go further than their limits, and do this we talk through the ADVERTISER. It would sound the trade should we give prices on the lower grades in

## GLASSWARE, QUEENWARE AND TINWARE.

They wouldn't it possible to sell at such prices. They are low and VERY CHEAP, but then it must be remembered that for the low prices it is not for the best goods, yet they are good and worth the money asked. We would be pleased to show our Bargains to Glassware and Queenware.

## LAWN MOWERS.

It is to the interest of every one to buy a good machine. We call attention to the Great American and New American. They have some excellent points worthy of attention.

## WIRE.

Putty, screen and wire-does. Also fencing wire in all quantities and grades.

## STOVES.

We have always made a specialty in this line, and can offer the very best makes of Cook Stoves, which give entire satisfaction and at amazingly low prices. In this department we can show the best wrought steel range which has ever been on the market. It has superior cooking advantages and these results are obtained from less fuel than those of other makes. Our Gasoline Stoves have the latest improvements and give the best results.

## WAGONS.

"Old Hickory." These wagons are sufficient. Every farmer knows this wagon, and is prepared to give testimony of its superior merits. The Columbia Baggage Company, highest grades has made in such quantities that they are sold about as cheap as inferior makes. We have the latest styles in Baggage, Surries and Traders.

## RLOWS.

Malta double shovels, two-horse cultivators and every other plow needed to cultivate the ground well.

## HOES.

Tobacco, grub weeding and mortar.

## Refrigerators

—AND—

## Water Coolers.

## FISHING TACKLE.

Baits, rods, lines, hooks, minnow nets, minnow buckets, etc. These goods were new, in their season, offering very low to close.

## GUNS.

Shot guns, rifles, all makes. It is this line we have not just what the customer wants we can get it on short notice. We have mentioned but a few articles which we carry. We have a complete stock, a heavy stock covering three floors in our house on Main street and two floors in our commodious ware rooms. We have the goods the people want, and the large cities cannot make better prices.

At Louisville Anne Burse was awarded \$7,500 damages against Dr. G. J. Stivers and his wife for cruelities practiced upon the child while in their employ.

According to the Courier-Journal The President is said to have told a Congressman that there will not be an early extra session of Congress to consider the financial situation unless unusual conditions arise, but that a call will be issued for the assembling of Congress between September 1 and 15.

On last Wednesday Norman, Oklahoma, was a scene of destruction from a tornado, hail storm and waterpout. Thirty-one persons were killed, many were injured and the town suffered great loss from the destruction of property. Other towns fared but little better. Losses of property and life were heavy along the entire path of the storm.

The Executive Committee of the Chicago Directory of the World's Fair adopted a resolution Thursday practically renouncing Congressional control of the Fair, on account of the action of Congress in requiring security for the repayment of \$570,000 appropriated for awards. While Sunday opening does not appear to have been mentioned in the resolution, the action of the committee is probably a preliminary step in this direction.

Secretary Carlisle had a conference Thursday with the leading bankers of New York, at which the financial situation was frankly discussed. The Secretary made it plain that bonds would not be issued except as a last resort, and said the currency laws need revision, beginning with the Sherman Silver law, which the Administration will endeavor to have repealed. It was said at the conference that bankers of the East are daily refusing credit to the South and West fearing the effects of the Sherman law.

The Naval Review in New York Harbor Thursday was one of those grand pageants not witnessed twice in a lifetime. A steady down pour of rain made it necessary to defer the review till afternoon when, notwithstanding the inclemency of the weather, the sight was witnessed by tens of thousands. After the President had inspected the fleet, he held a reception on board the Dolphin. At night the Columbian ball at Madison Square Garden was pronounced the most brilliant ever given in this country.

### Killed By Lightning.

The wife of Mr. N. Cobb, who lives near Reagan's store, in Posey Precinct, this country, was struck by lightning on Wednesday during a terrific storm in that neighborhood and was instantly killed. Mrs. Cobb was sitting in front of the fire-place at her home, when the lightning struck the house and came down the chimney, producing instant death. Her little daughter in the second story had her feet badly blistered, but her husband and another child in the same room were unharmed.—Richmond Register.

### That County Committee.

In our last issue appeared this notice:

The following gentlemen have been named by the State Central Committee as the Democratic county committee, of Montgomery county: viz, John T. Magowan, Henry L. Jones, Robert B. Crooks, Lewis Apperson, M. O. Cockrell, M. W. Anderson, W. P. Apperson, H. R. French, Ed. C. Owings, J. W. Phillips, John W. Cockrell, W. R. Dean, and S. S. Priest. They are requested to meet in the County Court room, on Saturday, April 29, 1893, at two o'clock for the purpose of selecting a Chairman and Secretary.

Unaccounted as this appeared on its face, it seems to have been loaded. At least it has stirred the 'pool of local politics to its depths. In short, somebody got left in the naming of that committee and somebody is mad about it. The kick has been high and strong but so far ineffectual. Seriously, there was little to raise a row over. If we are not misinformed, it is not an uncommon thing for the State Central Committee, through some one of its members, to name the County Committee. It is a fact that the County Committee that has just retired, gave possibly one member, was so named.

A few gentlemen who had or thought they had some special axe to grind, threw themselves into the breach and loudly called on their fellow patriots to help them raise a howl against 'self constituted guardians from Clark to rescue Montgomery's affairs.' No one questions the fact that every man on the committee is a man of character and integrity; and each one of them is every whit as good a Democrat as any man who assails its make up. It would be exceedingly difficult for a better one to be named. Without any positive information on the subject, we are yet ready to say we do not believe Col. H. P. Thompson had any thought, but it was appointing a most exceptionally good committee for Montgomery, when he named it, and that he knew he was appointing one that could not be manipulated against, what its members conceived to be, the best interests of Montgomery county. If there is a man on that committee that wears any body's collar, we don't know him. Its action during its term of office will convince the most skeptical that Montgomery Democrats were never served by a better.

The present condition of the Treasury is, under the circumstances, satisfactory, and if the offers of gold continue to be as freely made as they have been for the past week it is believed that there will be necessity for the issue of bonds, and even it the demand for gold shall continue to increase, the reserve fund, at present intact, will be drawn upon to meet it until it becomes certain that it will be exhausted, before bonds will be issued. President Cleveland and Secretary Carlisle are both fully determined that no bonds shall be issued until it shall have been fully demonstrated that nothing else will furnish the relief needed, and many believe that if that shall be shown the matter will be submitted to Congress at an extra session, before bonds are issued.

A. W. Stoffer and Wm. Green have bought about 50 stock hogs, at 6 cents.

### Died in Lexington.

Mrs. Rebecca S. May, wife of Mr. Jno. C. May, a prominent lawyer and real estate agent in Lexington, died in that city Thursday, April 20, Mrs. May had been married twice. Her first husband was Mr. George B. Caldwell, who, at time of his death was a member of the firm of Caldwell, Bros. of this place. In December 1887 she married Mr. May and since that time has resided in Lexington. She has a Miss Glascock, of Nelson, prior to her first marriage and was a sister of Mrs. Cordy Long, Mrs. A. E. Blaydes and Mr. John Glascock of Shelby county, and Mrs. W. H. Long and Dr. Glascock, Louisville. She had suffered for a long time with an immense tumor and died from the effect of a surgical operation which she had recently undergone. She had no children. The remains taken to Louisville and interred in Grove Hill cemetery. Mrs. May had many friends here, no one had more devoted those characteristics which were elevating. The world is better by her having lived in it. Captain May has the deepest sympathy of his friends here.

The Executive Committee of the Kentucky Inter-Collegiate Oratorical Association held a session in Lexington on Saturday. They had summoned J. H. Swango, of Center College before them to answer the charge of plagiarism said to have been perpetrated in his oration at the late contest. Mr. Swango did not appear. The members of the Committee from the sitting of the Committee. The Committee then passed resolutions censuring Swango and ordering the return of the medal.

We are not fully advised as to the merits of the controversy, but we think it would have been in much better taste for the Executive Committee, in view of the fact that Center's representatives refused to sit with them to have referred the matter to some entirely disinterested parties and then to have acted in accordance with their recommendation.

### Great Event in Cincinnati.

The New City Hall which has become the pride of Cincinnati, rivaling the Art Museum, Zoological Garden and even the Music Hall, is completed and will be formally dedicated May 13th, the oration being delivered by Hon. M. E. Ingalls.

The event will be celebrated by a great Street Parade, which Cincinnati excels in, besides the Police Department and the Civil Societies of Cincinnati and the United States troops at Fort Thomas will join in the procession.

The Chesapeake & Ohio R'y. will sell excursion tickets at half fare from Huntington and Intermediate stations good going on trains 17 and 19 May 13th, good returning on regular trains until May 15th, 1893.

Nearly all of the prominent officials sent over to New York this week to see the International naval review, the largest affair of its kind that has ever taken place in American waters, and they are all glad they went, for they saw what none of them will probably ever see again.

In reading Friday's Courier-Journal, we particularly noted the following item and thought, how much cause the good people our sister city had for gratulation:

"The Lexington Gazette wants the city of Lexington to borrow or hire a Mayor Brough, of Nicholas, for a year or two to straighten out the tangled skein of Lexington finances. Nicholasville, it says, is run at an annual cost of \$7,000, with a population of about 3,000, or at a cost of about \$2.50 per capita. Lexington has spent in the past year \$322,000, or about \$12.40 per capita. With ten times the population, Lexington spends fifty-six times as much money. Yes, the Gazette asserts, Nicholasville has good streets, good public schools, sufficient water supply and fire protection, and not a dollar of debt. The model Mayor who has brought this about is serving his fourteenth term and will not accept a dollar of salary. There are several towns in the State that might make arrangements with profit for Mr. Brough's services."

A few minutes later we saw in the columns of the Nicholasville Democrat a long drawn growl over the reckless expenditures and carelessness on the part of somebody in collecting the revenues of that town. "The Democrat complains, among much else:

"With only \$11, in the Treasury there remains over six thousand six hundred dollars delinquent taxes due the town."

"The great corporation, the C. S. R. R., paid the town only \$91 for taxes."

"We do not know how many firms remain uncollected but the amount turned into the Treasury is over fifty per cent less than that reported last year."

"We paid fifty dollars for pulling down an old cupola for a church, though churches pay no taxes."

"Here is where a pile of money goes, which is generally 'unlumped' on the tax payers; over twelve hundred dollars for work on streets, Main street in this line. Over one hundred dollars a month for rum (?) on streets. The prima facie evidence of this work with a balance of over \$2,500 in the Treasury, while now we start out with an empty treasury."

### County Committee.

At a meeting of the Democratic Committee of Montgomery county held at the Court House in Mt. Sterling, Ky., on April 29, 1893, there were present Henry L. Jones, H. R. French, Lewis Apperson, M. O. Cockrell, W. P. Apperson, J. T. Magowan, (by proxy) E. C. Owings, J. W. Phillips, John W. Cockrell, W. R. Dean and S. S. Priest.

On motion, H. R. French was elected Chairman and S. S. Priest, Secretary. On motion it was resolved, that it is the sense of this committee, that it is for the best interest of the Democratic party, of this county, that this committee take no action for at least a year from this date, towards fixing the time or manner of selecting candidates for the various county offices, to be elected at the November election in 1894.

The committee then adjourned. H. R. French, Chairman. S. S. Priest, Secretary.

TUESDAY, MAY 2, 1893.

FOR STATE SENATOR.

We are authorized to announce Hon. J. P. Gay, of Clark county, as a candidate for Senator of this district composed of the counties of Clark, Bourbon and Montgomery, subject to the action of the Democratic party.

Col. J. H. Holloway, of Clark county is a candidate for State Senator from the district composed of Bourbon, Clark and Montgomery counties, subject to the action of the Democratic party. Your vote and influence respectfully solicited.

President Cleveland yesterday pressed the button that started the wheel of the grandest Fair on earth.

Will Brother Johnnie summon up courage sufficient to attend the coming National Convention of Republican Clubs in Louisville, or will he think it had for his business? Of Postmaster, just now to be seen mixing with the crowd of politicians and turned out office-holders who will be there? Go or stay, Brother Johnnie, your days as Postmaster are numbered and they are rapidly drawing to a close. Pack your collar-box.

The Democratic County Committee organized Saturday afternoon by electing Judge H. R. French Chairman and Mr. S. S. Priest Secretary. They unanimously passed a resolution reciting that action would not be taken by them looking toward the fixing of the time of manner selecting candidates for the county offices before the 1st of May next. This action on their part meets the hearty approval of the Democrats of the county.

Mr. Lisle and the Postoffice.

Hon. M. C. Lisle settled the scramble for the postmastership at Mt. Sterling, last Saturday, by inducing Mr. Geo. C. Everett for the position. The Mt. Sterling Sentinel-Democrat treats the indorsement as somewhat of a surprise, and in the course of a lengthy article detailing the news says:

"It is currently circulated in this community by the 'outs' and their friends (whether true or false) that Mr. Lisle went to see Mr. Blackburn Saturday and made a political deal with him, agreeing to indorse Mr. Everett for postmaster of Mt. Sterling in consideration of the right of naming some Deputy U. S. Marshals in the Tenth Congressional district."

This cannot be true. Mr. Lisle is not of that stripe, and those who would smear his good name know it. He did go to Louisville Friday evening but before leaving he told several citizens of Mt. Sterling, among them Mr. Hadden, of the Advocate, who were here either as applicants or in behalf of applicants for the office that he had made up his mind as to whom he would indorse, and would make the announcement the following day which he did. The mean imputation is without the semblance of foundation in fact—Winchester Sun.

We desire to say that we have no reason to believe that there was any clicker between Congressman Lisle and Marshal Blackburn. The fact that Mr. Lisle went to Louisville on the day prior to his indorsement of G. C. Everett for the Post-office does not prove anything. It is probable that he went to Louisville to see Mr. Blackburn, but any statement from us that he did would be surmise and we would be as justifiable in saying he went there on private business.

The Sun, however, is in error when it says Mr. Lisle told Mr. Hadden of the "Advocate," "that he had made made up his mind as to whom he would indorse."

He did say, however, he would decide the matter the following day, and make the announcement.

In speaking of the applicants, because of the order named, he made the impression on Mr. Hadden that Mr. Everett's claim at that time stood first.

The announcement was a disappointment to the friends of other applicants, but the people, even those who were dissatisfied at first, are now desirous of seeing Mr. Lisle complete the job begun, by engaging the immediate attention of President Cleveland in the matter of beholding the present rank Republican incumbent in order to give us a Democratic Postmaster.

Congressman Caruth, of Kentucky, carries a very broad smile just now. One of the reasons of the unusual breadth of that smile was the Selection of his brother, George W. Caruth, editor of the Little Rock (Ark.) Gazette, to be U. S. Minister to Portugal.

## ARE YOU GOING TO THE WORLD'S FAIR?

We are glad to announce to our friends that the railroads have granted the privilege of stopping over at Louisville, either going to or returning from Chicago. Upon arrival at Louisville the year ticket must be deposited with the Transportation Committee, at the Board of Trade Building, and a receipt taken for same. When ready to leave Louisville the ticket will, upon surrender of the receipt, be back stamped for the next train leaving the city, and will be good for another.

YOU CAN SAVE ALL THIS TROUBLE AND TIME, HOWEVER, BY COMING AT ONCE TO THE NEW YORK STORE AND WE WILL AT-TEND TO HAVING THE TICKETS STAMPED FOR YOU.

There is practically no restriction as to the time allowed for the stop-over and it is very much hoped that our friends, who pass through Louisville, will avail themselves of this opportunity of stopping off and making their fall purchases before going to the Fair.

Why The Fish Brothers Wagon is preferred above all others:

1. It is made out of best material.
2. It runs lighter.
3. It out-lasts all.
4. The price is reasonable.

The same reasons are why The Wood Binders and Mowers sell.

Why do we sell so many Harrows, Cultivators, Double Shovel Plows, Spring Wagons, Surries, Pheonats, Carts, Buggies, Rockaways? Because we sell at a close profit and guarantee our goods.

Why do we sell more Saddles and Harness than any body? Because we keep the best goods, and have knocked Mr. High Price in the head, and sell at a living profit.

They unanimously passed a resolution receding that action would not be taken by them looking toward the fixing of the time of manner selecting candidates for the county offices before the 1st of May next. This action on their part needs the hearty approval of the Democrats of the county.

Mr. Lisle and the Postoffice.

Hon. M. C. Lisle settled the scramble for the postmastership at Mt. Sterling last Saturday, by inducing Mr. Geo. C. Everett for the position. The Mt. Sterling Sentinel-Democrat treats the indorsement as somewhat of a surprise, and in the course of a lengthy article detailing the news says: "It is currently circulated in this community by the 'outs' and their friends (whether true or false) that Mr. Lisle went to see Mr. Blackburn Saturday and made a political deal with him agreeing to indorse Mr. Everett for postmaster of Mt. Sterling in consideration of the right of naming some Deputy U. S. Marshals in the Fourth Congressional district."

This cannot be true. Mr. Lisle is not of that stripe, and those who would smirch his good name know it. He did go to Louisville Friday evening but before leaving he told several citizens of Mt. Sterling, among them Mr. Heiden, of the Advocate, who were here either as applicants or in behalf of applicants for the office that he had made up his mind as to whom he would indorse, and would make the announcement the following day which he did. The mean imputation is without the semblance of foundation in fact.—Winchester Sun.

We desire to say that we have no reason to believe that there was any dicker between Congressman Lisle and Marshal Blackburn. The fact that Mr. Lisle went to Louisville on the day prior to his indorsement of G. C. Everett for the Post-office does not prove anything. It is probable that he went to Louisville to see Mr. Blackburn, but any statement from us that he did, would be untrue and we would be as justifiable in saying he went there on private business.

The Sun, however, is in error when it says Mr. Lisle told Mr. Heiden of the "Advocate," that he had made up his mind as to whom he would indorse.

He did say, however, he would decide the matter the following day, and make the announcement.

In speaking of the applicants, because of the order named, he made the impression on Mr. Heiden that Mr. Everett's claim at that time stood first.

The announcement was a disappointment to the friends of other applicants, but the people, even those who were dissatisfied at first, are now desirous of seeing Mr. Lisle complete the job begun, by engaging the immediate attention of President Cleveland in the matter of beholding the present rank Republican incumbent in order to give us a Democratic Postmaster.

Congressman Caruth, of Kentucky, carries a very dark snail just now. One of the reasons of the unusual length of that snail was the selection of his brother, George W. Caruth, editor of the Little Rock (Ark.) Gazette, to be U. S. Minister to Portugal.

## ARE YOU GOING TO THE WORLD'S FAIR?

We are glad to announce to our friends that the railroads have granted the privilege of sleeping over at Louisville, either going to or returning from Chicago. Upon arrival at Louisville your ticket must be deposited with the Transportation Committee, at the Board of Trade Building and a receipt taken for same. When ready to leave Louisville the ticket, with upon surrender of the receipt, is back stamped for the next train leaving the city, and will be good for no other.

YOU CAN SAVE ALL THIS TROUBLE AND TIME, HOWEVER, BY COMING AT ONCE TO THE NEW YORK STORE AND WE WILL ATTEND TO HAVING THE TICKETS STAMPED FOR YOU.

There is practically no restriction as to the time allowed for the stop-over and it is very much hoped that our friends who pass through Louisville will avail themselves of this opportunity of stopping off and making their rail purchases before going to the Fair.

WHOLESALE AND RETAIL DEALERS IN—

Farming Implements, Carriages, Buggies, Saddles, Harness, Etc., Etc.

NO. 18 BROADWAY, MT. STERLING, KY.

Why The Fish Brothers Wagon is preferred above all others:

1. It is made out of best material.
2. It runs lighter.
3. It out-lasts all.
4. The price is reasonable.

The same reasons are why The Wood Binders and Mowers sell.

Why do we sell so many Harrows, Cultivators, Double Shovel Plows, Spring Wagons, Surries, Phaetons, Carts, Buggies, Rockaways? Because we sell at a close profit and guarantee our goods.

Why do we sell more Saddles and Harness than any body? Because we keep the best goods, and have knocked Mr. High Price in the head, and sell at a living profit.

If you want anything in Vehicles, Wagons, Repairs, Mowers, Plows, Harrows etc., Saddles, Harness, or the best Lawn Mower made.

The special election to take the sense of the people upon the million-dollar bond ordinance to secure the location of the State Capital here, passed off very quietly. A small vote was polled but the proportion was nearly five to one in favor of the proposition. The courts will probably be at once appealed to to settle the validity of the bond issue.—Courier-Journal.

Farmers, go to Adam Baum & Son for your salt.

Don't.

Mr. C. G. Glover, one day last week was about tea time from the gas well and concluded to take a smoke. He struck a match and found himself in the midst of flames, which burned his eyelashes, mustache and hair. The scare was more than the injury.

Moral, Don't strike a match in the neighborhood of a gas well.

The marshal of Cythiana arrested an even dozen loafers and loungers around the depot and public places one day last week, and the mayor gave them light sentences as a starter. Suppose the marshal of Mt. Sterling try this once, give Judge Groves a chance at them and see if it will not have a salutary effect toward abating a like nuisance of long standing.

The City Council will meet to-night, at which time the question of street lighting will be considered. The Electric Light Company and Gas Company will probably put in bids. It is a fact that neither the electric light plant nor gas plant have capacity sufficient to light the city properly and we are persuaded that the Council should require the company receiving the contract to increase its capacity. Promises like piecemeal are easily broken, and hence the way to do is by the thumb screw. The question of extending Sycamore street will also take up. The Council in this matter would profit by past experience. The city wants a street from Queen, West to Myrtle and the street with same heading to Sycamore street, and can't get it without paying an unreasonable sum for right of way. Now they can extend Sycamore street free of cost, and the ground which would be given to the city is worth more than a real value that what it would cost to grade and macadamize the extension.

The Montgomery (Senior) Gun Club will have a business meeting at P. Oldham & Co.'s store-room, on Friday evening, May 5th. The purpose of this meeting is to reorganize for the coming season. There will also be a practice shoot the same afternoon.

Secretary.

**RELIGIOUS.**

On last Sunday, after services, past of the Baptist church, Rev. E. E. Bomar, asked for a business session of the church and offered his resignation as pastor as follows:

Mt. Sterling, Ky., April 30, 1892.

To the Baptist Church of Christ at Mt. Sterling, Ky.

My dear Brethren and sisters—After anxious and prayerful consideration, I herewith place in your hands my resignation as pastor of this church and ask that it shall take effect at the close of our fiscal church year, the 30th of June. My relations with you have always been uninterruptedly pleasant, and continue so to this moment; the work which God has enabled me to do in your midst has been a source of joy and strength to me; I tender you thanks, in our Masters name, for your cordial support. But I believe the time has come for a change; you must go on with the work under some other shepherd, and I must labor elsewhere. The two months which yet remain will give me ample time to finish all work we have immediately on hands, at the same time enabling me to close up my work at Howard's Mill. Please accept this resignation promptly and let me all get to the work of finishing what yet remains to be done.

May the Lord guide and richly bless you all.

Affectionately,

E. E. BOMAR.

This act on the part of Rev. Bomar was a surprise to the membership, with the exception of some of the officers, with whom he had talked. He is held in high esteem and love by his flock and this step was the cause of much sadness. So astonished was the church that not a motion to consider the resignation was made, and it was finally agreed that the matter be passed till the next business meeting, Saturday, May 6. After the benediction, members grouped in different parts of the room with tear dimmed eyes and expressed their deep regret. Brother Bomar has done good work here and will leave the church in a prosperous financial and spiritual condition.

**PERSONAL MENTION.**

Miss Nannie Wyatt is visiting friends in Louisville.

County clerk Wm. Ayall of Paris was in the city Thursday.

Capt. Jack Ringo, of Meade has been in the city several days this week on legal business.

Mrs. Eliza Jordan, who has been in Cincinnati for several weeks under treatment, returned home Tuesday much improved.

Mrs. J. S. Herriott (nee Lida Johnson), of Payne's Depot, is visiting relatives in the city and county. Mr. Herriott has been appointed Postmaster at Payne's.

J. W. Henry, wife and children, of West Liberty, are in the city visiting relatives, having returned from Fayette and Bourbon, where they visited other relatives.

Mr. W. G. Ramsey of Owingville was in this city several days the past week. Mr. Ramsey is one of the brightest young men of our section and if life is given him the day is not so far off when our sister county will be very proud of her son.

**Notice.**

There was a good demand with prices a little improved on last month's sale. No mules offered. Plug horses \$25 to \$50 common \$50 to \$75; none of the better grade offered. A large and orderly crowd in attendance.—Democrat.

Mr. Frewitt bought of Joe McDowell 34 hogs at 6 cents, and 12 from Wm. Davis at same price. J. T. Hugely sold to Frank Harris, of Cincinnati, 40 head of fat cattle, to be delivered July 15 to Aug. 15 at 5 cents. A prominent shipper of beef cattle is authority for the statement that cattle are bound to go higher gradually from now on to a considerable time.—Danville Advocate.

The first spring lambs seen on the Chicago market this season averaged thirty seven pounds and sold at \$4.25, which was about 114 cents per pound.

C. H. Meng, of North Middletown, bought at this point Tuesday, 86 head of hogs average 180 pounds, at 61 cents. The Advance says he sold them to Virginia parties at same price, and \$25 premium and that he also sold Cap. Gillespie 10 head, average 115 pounds at 6 cents.

George Redmond sold 27 head of 150 pound hogs to C. H. Meng at 6 cents.—N. M. Town Advance.

During the past week Jo Turley bought from different parties and shipped over 600 head of hogs, average 180 pounds at 6 cents per pound.

S. D. Goff delivered to W. B. Kidd Tuesday 140 head hogs, averaging 223 pounds, at \$6.50 per cwt. J. A. Ramsey, auctioneer, reports about 200 cattle on the market Court day. A few choice steers, weight, 1,100 pounds brought 4 cents, lighter ones 360 to 1,000 pounds, 24 to 31 cents; light plain cattle, 2 to 3 cents. All offerings were sold.—Winchester Sun.

The new Antioch Christian church will be dedicated on the second Sunday in May. Services conducted by Elders J. B. Greenwade and B. W. Trimble.

Mr. J. C. Enoch and family came in this past week to make this city their future home. Mr. Enoch as will be seen by his ad. elsewhere in this issue, is opening out at the Bargain House bigger than ever.

In the Circuit Court last week the case of Elijah Nickerson against McCormick & Burton for damages, resulted in a hung jury. Eleven for no damages and one for a small amount. Nickerson had sued for \$3,250.50.

Miss Amanda Steele died on Saturday, the 29th inst. The funeral services were conducted on Sunday afternoon, by Elder B. F. Parker. Burial in the Stephens Cemetery. Miss Steele was the daughter of Perry and Angeline Steele who live near Stepton.

A very pleasant hop was given Friday evening at the National Hotel in honor of Miss Edna Kenner, of Cincinnati, Ohio, guest of Mrs. L. E. Daniels. The ladies were never handsomer, nor the young men more stylish.

Elder John L. Rogers will begin a meeting at Spencer church, next Saturday morning at 11 o'clock. Brother Rogers has a wide circle of friends and acquaintances here who will avail themselves of the opportunity to hear him speak once more.

Henry B. Prewitt and wife, of Hill City, Kansas, who have been visiting Mr. P's father, Allen Prewitt, of this county, left yesterday for their home. Mr. Prewitt's many friends here are rejoiced to know of the success he is attaining in his adopted State.

Will you please call and pay your accounts, made last year. We don't want to push you, but we must have money to pay our bills, and we expect to collect from the ones that we have credited. So come in and pay your accounts and let this be your warning.

The marshal of Cincinnati arrested an even dozen loafers and loungers around the depot and public places one day last week, and the mayor gave them light sentences as a starter.

Suppose the marshal of Mt. Sterling try this once, give Judge Groves a chance at them and see if it will not be a salutary effort toward abating a nuisance of long standing.

The City Council will meet to-night, at which time the question of street lighting will be considered. The Electric Light Company and Gas Company will probably put in bids. It is a fact that neither the electric light plant nor gas plant have capacity sufficient to light the city properly and we are persuaded that the Council should require the company receiving the contract to increase its capacity. Promises like piecemeal are easily broken, and hence the way to do is by the thumb screw. The question of extending Sycamore street will also take up. The Council in this matter should profit by past experience. The city wants a street from Queen, West to Mayville and thence with some bearing to Sycamore street, and can't get it without paying an unreasonable sum for right of way. Now they can extend Sycamore street free of cost and the ground which would be given to the city is worth more a real value than what it would cost to grade and macadamize the extension.

The Montgomery (Senior) Club will have a business meeting at P. O. Othman & Co.'s store-room, on Friday evening, May 5th. The purpose of this meeting is to reorganize for the coming season. There will also be a practice shoot the same afternoon.

J. E. VORRIS, Secretary.

## RELIGIOUS.

On last Sunday, after services, past of the Baptist church, Rev. E. E. Bomar, asked for a business session of the church and offered his resignation as pastor as follows:

Mt. Sterling, Ky., April 30, 1892.

To the Baptist Church of Christ at Mt. Sterling, Ky.  
My dear Brethren and sisters:—After anxious and prayerful consideration, I herewith place in your hands my resignation as pastor of this church and ask that I shall take effect at the close of our fiscal church year, the 30th of June. My relations with you have always been unintermittently pleasant, and continue so to this moment; the work which God has enabled me to do in your midst has been a source of joy and strength to me; I tender you thanks, in our Masters name, for your cordial support. But I believe the time has come for a change; you must go on with the work under some other shepherd, and I must labor elsewhere. The two months which yet remain will give us ample time to finish all work we have immediately on hands, at the same time enabling me to close up my work at Howard's Mill. Please accept this resignation promptly and let us all get to the work of finishing what yet remains to be done.

May the Lord guide and richly bless you all.

Affectionately,  
E. E. BOMAR,  
This act on the part of Rev. Bomar was a surprise to the membership, with the exception of some of the officers, with whom he had talked. He is held in high esteem and love by his flock and this step was the cause of much sadness. So astonished was the church that not a motion to consider the resignation was made, and it was finally agreed that the matter be passed till the next business meeting, Saturday, May 6. After the benediction, members grouped in different parts of the room with tear dimmed eyes and expressed their deep regret. Another Bomar has done good work here and will leave the church in a prosperous financial and spiritual condition.

## PERSONAL MENTION.

Miss Nannie Wyatt is visiting friends in Louisville.

County clerk Wm. Ayall of Paris was in the city Thursday.

Capt. Jack Ringo, of Mesico has been in the city several days this week on legal business.

Mrs. Eliza Jordan, who has been in Cincinnati for several weeks under treatment, returned home Tuesday much improved.

Mrs. J. S. Herriott (nee Lida Johnson) of Paynes Depot, is visiting relatives in the city and country. Mr. Herriott has been appointed Postmaster at Paynes.

J. W. Henry, wife and children, of West Liberty, are in the city visiting relatives, having returned from Fayette and Bourbon, where they visited other relatives.

Mr. W. G. Ramsey of Owensville was in this city several days the past week. Mr. Ramsey is one of the brightest young men of our section and if life is given him the day is not so far off when our sister county will be very proud of her son.

At a meeting of the Board of Directors of the Mt. Sterling Natural Gas & Oil Company held this day, it was unanimously agreed to increase the capital stock to one hundred thousand dollars.

## THE ADVOCATE.

Secretary Carlisle is daily proving himself to be the right man in the right place. He has not allowed himself to become anxious or excited during the financial flurry of the week, brought about, as he firmly believes, by a combine of bankers who are seeking by a renewed demand for shipment abroad to force an issue of bonds. So firm is the Secretary in his belief that this is true that he positively, but positively, declined to accept an invitation extended him by New York city bankers to meet them in that town for the purpose of discussing the gold problem; he also, when it was suggested to him that the bankers would come to Washington to discuss the matter if he would invite them, declined to do so. For the United States Treasury to be run entirely independent of Wall Street men is something decidedly new, and compliments for Secretary Carlisle are heard on all sides, from Republicans as well as from Democrats. One gentleman, a personal friend, said: "Secretary Carlisle believes that Wall Street bankers have had entirely too much say in the conduct of the financial department of the Government in the past, and that they are largely responsible for the present situation. Consequently he has no idea of taking them into his confidence as to what he intends doing. He proposes giving them a needed lesson by showing them that all the financial ability is not congregated in Wall Street, and that they cannot dictate the country's financial programme." The firmness of Secretary Carlisle against an issue of bonds has already brought about a better condition of affairs, and it is believed that if those who wish to compel an issue of bonds become convinced that none will be issued, the demand for gold for foreign shipment will soon resume its normal condition. The outlook is now considered much better than it was at the beginning of this week.

### Boasts of Old Fashioned Crops.

All the best stories of enormous crops that were said to have been grown in the early history of the country must be taken with some allowance. Men do not mean to tell false, but the guess-work about the size of acres is not always very close. Besides, if crops were grown on stumpy land some deduction of the area was always made for land that was occupied by stumps. "No," said the old farmer with whom we talked this matter over, "crops in olden times were not bigger than now. I doubt whether they averaged as large. A farm that has been kept in clover, with occasional dressing of manure, is not growing poorer, and I believe that some of the acres I now till, that my grandfather cleared up, are richer in available fertility and will produce more wheat per acre than he ever secured. Of course with the modern facilities for harvesting, the wheat crop costs much less than it used to, and this holds good also of other crops." Am. Cultivator.

Make friends with the sows, so that you can go into the pen at any time without disturbing them; this is an important item in pig raising. There is no excuse for a farmer's family to buy canned fruit or vegetables, and a garden of fair size, laid out in long rows that can be easily cultivated with a horse, ought to furnish something for the table every day in the year from early spring until spring comes again.

The Breeder's Gazette says that if the wool grower would attack the dogs with the same zeal that he engages in tariff discussion, there would few dogs escape "to tell the tale."

One serious objection to planting the same ground year after year with the same crop is that the insects and diseases affecting the crop attack it each year with increased force.

In one brood, we have found one or more chicks that have their heads twisted over or which are unable to stand on their legs. Why these deformities occur is not fully known, but they occur mostly when the eggs used for hatching were laid by heavy and overfat hens. In many cases eggs from such hens have failed to produce chicks.

Milk cows are scarce, and are increasing rapidly in price in many parts of the country.

A happy family—  
Thus thus with the Johnsons after Truman H. had been rescued from the grave by the use of Dr. Fenger's Kidney and Backache Cure. He writes: "My father died of kidney disease and I inherited it. Had become so bad that medical treatment ceased to benefit me and I was given over to die. One bottle of Dr. Fenger's Kidney and Backache Cure positively cured me, though I continued it a little longer to be safe. My digestion improved at once, my kidneys healed and I am now a well man." Write him at Burt, N. Y. Certain in all kidney diseases, female complaints, backache, soreness or lameness over back, stone in bladder, etc. Also the Great Blood Purifier, removing promptly all impure and poisonous matter from the blood, curing skin eruptions and scrofula, dyspepsia, heart disease, dropsy, rheumatism, drowsiness, dullness, sleeplessness, constipation, headaches. Money refunded if satisfaction not given. Take home a bottle to-day.

The sheep interest is progressing in all the States from Maine to California.

The improved breeds, especially the mutton breeds, are generally being introduced. Of course, breeding sheep are high, but they sell better than when low prices prevail. The sheep are becoming more popular on American farms and promise to add important income of wool, mutton and spring lambs to the farm stock, and if high class sheep of the early maturing breed are raised good profits are ensured.

That's the way Dr. Pierce's Pleasant Pellets come. And it's a more important point than you think. It keeps them always fresh and reliable unlike the ordinary pills in cheap wooden or pasteboard boxes.

They're put up in a better way, and they act in a better way, than the huge old-fashioned pills. No griping, no violence, no reaction afterward that sometimes leaves you worse off than before. In that way, they cure permanently. Sick headache, bilious headache, constipation, indigestion, bilious attacks, and all derangements of the liver, stomach and bowels, are prevented, relieved and cured.

They're tiny, sugar-coated granules a compound of refined and concentrated vegetable extracts—the smallest in size, the easiest to take, and the cheapest pill you can buy, for they're guaranteed to give satisfaction, or your money is returned. You pay only for the good you get. They're nothing likely to be "just as good."

### The Awful Loneliness of the Plains

Mid ocean is not more lonesome than the plains; nor night so gloomy as that dumb sunlight. It is barren of sound. The brown grass is knee-deep and even that trifle gives a shock, in this horridly obliterated land. The bands of antelope that drift, like cloud shadows, across the dun landscape suggest less of life than of the supernatural. The spell of the plains is a wondrous thing. At first it fascinates. Then it bewilders. At last it crushes. It is sure as the grave and worse. It is intangible but resistless; stronger than humanity. When one cannot otherwise escape the plains, one takes refuge in madness.—Ex.

## Poultry.

There is no remedy as easily and cheaply obtained, so as to clear the fowls, and so satisfy. In its results, says an exchange, sulphur. It being in the system of animals to a small degree, there is a natural affinity for it than there otherwise could be. It can be administered to the fowls by having it in a small box, so that they can help themselves, or by mixing it with their food once a week, or as often as there are indications of vermin. Penetrating, as it does, to every part of the system, all parasites are quickly and surely destroyed; also gases are said to be prevented in chickens. Fowls need it more than most animals, their feathers containing between four and five per cent of sulphur. Their eggs also have a small quantity, which is noticed by the discoloring of a silver spoon when it comes in contact with a spoiled egg. Applied externally to the fowls when on the nest, to the nest itself, or mixed with the soil in the dusting box, it is equally efficacious in destroying vermin.

An egg weighing 1½ ounces contains 130 grains of carbon and 17½ grains of nitrogen, or 13.25 per cent of carbon and two per cent of nitrogen. The value of one pound of eggs, for sustaining the active forces of the body, is to the value of one pound of lean beef at 1,584 to 9,000. As a flesh producer, one pound of eggs is equal to one pound of beef. A hen will produce on an average one hundred of corn yearly, and lay ten dozen eggs, or fifteen pounds. This is equivalent to laying that 34 pounds of corn will produce, when fed to hen, five-sixths of a pound of eggs; but five-sixths of a pound of pork requires about five pounds of corn for its production. Taking into account the nutriment in such, and the comparative prices of the two on an average, the pork is much the more costly food, and less healthful than eggs.—Poultry Keeper.

The poultry manure is very valuable, but should be saved. It can be put in a barrel and mixed with an equal amount of dry dirt or sand.

An exchange tells of a man who kept seventy cows and four hundred hens. He says the hens pay the most profit, as he feeds them properly, and has a stream of eggs going to market all the winter, when the demand is great and prices high.

An exchange says that there is too much hurry in the attempt to hatch early pullets. If they are hatched out in January or February they are liable to moult in the fall, the same as old hens. From the first of March to the first of May is soon enough to hatch early pullets, the large breeds, however, being hatched before April 15, and the small breeds not later than May.

## POULTRY RAISING.

Poultry raising is an important industry which should not be looked upon as an unprofitable side line in connection with other farm industries. The question is frequently asked, "Will not this 'chicken' business be overdone in time?" This same question was just as common twenty years ago, and to-day we find ourselves paying from one to three cents more per dozen for eggs and an average of five cents a pound more for poultry. It is therefore impossible to over-estimate the importance of this delicious and most healthful diet.

France with an area of 204,000 square miles, of which only 98,000 are capable of cultivation; with all the disadvantages of climate and high cost of food for fowls realizes \$170,000,000 annually from her poultry industry. Should we, the people of the United States, fall behind our little sister republic in appreciating any good thing? We must surely realize that our nation is consuming more poultry and eggs every year and the demand is steadily increasing. We find that in 1872 we imported 6,000,000 dozen eggs, which, at 34 cents per dozen, amounted to \$1,140,000. The fact that the demand so far exceeds the supply of this article of food shows that we farmers of to-day need not be afraid to keep a small flock of hens and to make from them the greatest profit which we can possibly obtain.

Right here I will refer to the words of Fanny Field. She says: "A good many farmers who know well enough that poultry raising pays are afraid to keep more than a dozen or so of fowls for fear that the prices for poultry and eggs will ray below

## What is

# CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

## Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effects upon their children."

Dr. G. C. Osceola, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the interest of their children, and use Castoria in place of the various quack nostrums which are destroying their loved ones, by forcing opium, morphia, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Knowlton, Conway, Ark.

## Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

Dr. A. A. Adams, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their office practice with Castoria, and although we only have among our medical supplies what is known as regular medicine, we were free to confess that the merits of Castoria has won us to look with favor upon it."

## New Postmaster.

We have had very much of this the past week. He has been named, and our minds naturally return to our individual interests. The farmer to his fields, to his stock and whatever is needed to attain the best results. The mechanic reviews neglected duty to self and those depending on his efforts. The professional man also looks backward and laments over lost time, but rejoices that he has driven a tack in favor of party. They may want buggy, carriage and track harness, and as they choose in politics, the principles which yield the best results, they also select from qualities and makes of these goods, which are the most durable, the safest and cheapest. If they want saddles for comfort and show, or bridles, dusters, sheets or any other articles as a matter of business, they look for the best, all things considered.

It has never been my purpose to fool the trade by giving shoddy for hard earned money.

Buy the BEST and you will always be satisfied. A cheap article is like a cheap hand, always giving trouble.

## VICTORY

When returns are in the field, knows of his labors and how victory was obtained. The parent who has had certain rules for his children has watched their development and seen them matured men and women of honor and veracity, having withstood various temptations, exclaims victory! Victory! So it is with the business man with unyielding methods based on the best material and work, executed by experienced workmen. Shoddy has been given for real, big profits realized, but the honest dealer has gone forward giving the best for the money until he has won confidence and established a profitable trade. He is the victor.

**FIRST-CLASS  
Buggy, Carriage and Track  
HARNESS.**

The place to get such goods is where they make only the best. If you want the Best Saddle for comfort for to show your horse to the best advantage you go to the responsible dealer. Also for the Best Dusters, Sheets, play and fancy Bridles, finest quality of Whips, etc., at the lowest prices. If you want worthless stuff you can't get it from me.

### HORSE AND TRACK.

Chas. Bailey, of Midway, Ky., sold 30 head of saddle horses at public auction in New York city, for \$21,450, an average of \$711.50.

Free-for-all trot at Fleetwood Park, closed with eight entries; Martha Wilkes, Royal Wilkes, Lord Clinton, Walter E. Little Albert, Directum, Geneva, Greenleaf. Their records are from 2:08 to 2:14.

An eastern paper says that neither Kramila nor Ralph Wilkes will be started this year.

Crit Davis, Budd Dobie, Geo. Starr, Chas. Marvin and others eminent drivers, favor the new rule shortening the distance.

Mascot, 2:04, is big and lusty, and weighs 1,000 pounds, which is more than he ever weighed before. He paced a mile in 2:30 last week, which is faster than he had moved last year by the middle of May.

The California turf says: As the season progresses the horsemen who have been watching the Salisbury string at Pleasanton, are convinced that it is the best over in training for a campaign over the eastern circuit.

Martha Wilkes, 2:08, will trot a record-breaking mile at Billings Park, White River Junction, over the pioneer kite track of New England, at its spring meeting, June 27, 28. A smashing of New England records is likely to be the result.

E. S. Bean & Co., of Winchester, Ky., have an ad of their Stallion, Mandalay, in this week's paper. Our readers will do well to read it. Mandalay is a handsome chestnut horse, with plenty of size and substance; his breeding is simply grand; sired by Nutwood the greatest living sire and his dam, May Wilkes, by George Wilkes, the great sire of race horses. Such breeding is not often to be had. His fee is very low and his book should fill readily. Write to the owners at Winchester and book some of your mares to this young stallion as you cannot make a mistake by breeding to such a horse.
